Campbell Pastors Eulogize Lt. Hugh Cramer At Rites

Simple but very impressive farewell services were held Saturday afternoon from the Methodist church for Lieutenant Hugh Grant Cramer.

Rev. J. H. Bennett paid affectionate tribute to the young man in recounting his relation with him during his years as a Wolf cub and later a Boy Scout. He was outstanding in conduct and cooperation, but at the same time thoroughly enjoying his activities.

His pastor, the Rev. D. H. Baldwin, read comforting Bible selections, told of young Cramer's connections with the church, in which he was baptized, with which he became a member as a young boy, and of his many services as a member of the choir and as a soloist. He first became acquainted with Hugh while he was a student at Stanford.

Mrs. Virginia Rutherford played several familiar sacred selections preceding the service.

The interment at Oak Hill Memorial Park was private.

The body of their infant will be interred with the father's remains.

Serving as pallbearers were First Lieut. Al Dingasci, M.C., A.U.S., Lt. (Sg.) James K. Barnum, Moffet Field, John Cox, M. D., Santa Clara county hospital, Jack Murodock, Paul Rae, and Norman Pratt.

The many friends of both Hugh and his family who were present to do him honor and the wealth of beautiful flowers, testified to the esteem in which he was held by young and old alike.

Engagement of Miss Marjorie Bone Is Announced

When Miss June Gross and Mrs. Charles A. Short entertained at a party at the Short home in Campbell last Thursday evening, Miss Marjorie Bone took that opportunity to announce her engagement to Hugh Fokkett. Guests were assembled to celebrate the birthdays of Miss Grace Hassler and Miss Bone, and were pleasantly surprised when dainty French bouquets were given to each guest. The bouquets were made up of delicate pastel flowers and were tied with pink ribbons on which were fastened tiny lacy hearts with "Marge and Hugh" inscribed in gold on each heart.

Small frosted heart-shaped cakes and cookies carried out the betrothal theme. Floral arrangements in the shape of hearts were attractively created on the buffet table by Mrs. Short. Crystal lovebirds completed the betrothal setting.

Miss Bone, who is the daughter of Mr. and Mrs. Alexander Bone and the sister of the Misses Barbara and Marilyn Bone of San Jose, is at present a member of the faculty of Campbell grammar school. She graduated from San Jose High and State college.

Mr and Mrs. Alfred Drake, nee Maurine Weeks, are the parents of a son, Roger Brian, born at O'Connor's sanitarium, November 17, 1944.

Rev. Knost of San Jose Addresses Campbell Clubmen

The Rev. Richard Knost of the Unitarian church in San Jose was presented by Rev. D. H. Baldwin at Tuesday's Kiwanis meeting.

In his "Thanksgiving" talk Rev. Knost stated that the answer to "What have we to be thankful for" was that the disorder and chaos of today is not supposed to be the natural order of things. "We have to look thru and beyond to the spiritual to be comforted. It is necessary to glimpse the spiritual ray thru our own self-imposed blindness of intolerance, bigotry, and so forth to see worthwhile things for which to be thankful."

"If we open our eyes to glimpse the light of truth shining thru we have all to be thankful for."

The new members, J. M. Dahl and Eugene Hodges, were inducted by Jack Murodock, who gave a resume of Kiwanis ideals and objectives with a brief biography of the inductees.

Visitor was Jim B. Arends of the Campbell Lumber Co.

Next week E. E. Lanphear will be chairman and Thos. Elliot of Los Angeles will speak on "China Experiences."

Local Dehydrator Company Will Incorporate Soon

The Campbell Dehydrator Company, which has been functioning for several years has now filed articles of incorporation, with an authorized capital of \$200,000, with the secretary of state.

The corporation is authorized to engage in any activity relating to the production and processing of fruits and vegetables.

Directors are Stanley B. Smith, Joseph V. Gomes, Mervin S. Keesling, Robert Scholz and John B. Benson.

Marian Jacobson Directs Revelries

Marian Jacobson, daughter of Mr. and Mrs. Frank Jacobson, senior speech major of San Jose State College, will direct the 1945 edition of Spartan Revelries. Miss Jacobson's appointment followed the news released earlier this week of the appointment of Leah Harcastle as business manager of the production.

Miss Jacobson will be remembered by the San Jose students as dance director of the 1944 version of the same production; as an active member of Orchesis; professional dancer; president of the San Jose Players and dance director for the olio acts that accompanied the melodramatic presentation of East Lynn in 1942.

Cmdr. Anderson Is Transferred To San Bruno

Cmdr. and Mrs. Frank R. Anderson are back in San Jose after almost three years spent in Los Angeles where the Commander was in charge of naval officer procurement. At present they are visiting with her brother-in-law and sister, Mr. and Mrs. Carl Johnson until they find a suitable place to live. They have also visited some of their many friends in Campbell.

Commander Anderson is stationed at the naval hospital at San Bruno. Their daughter Marilyn traveled with them from Los Angeles as far as Watsonville where her husband, Lt. Ben Lewis is stationed and where they plan to make their home for several months.

Santa Clara County ended the War Chest drive by topping the goal at 102 per cent. Thirty-nine counties have passed the 100 per cent mark. The state quota of \$21,000,000 now lacks less than 3 per cent of being filled.

Thanksgiving Prayer

Lord of our land, our flag, and our people;
God of our farm, the city, the steeple;
Knit our fingers in suppliant's kind,
Give us serenity and peace of mind,
As we search our hearts the words to find.

These are the words we send unto Thee
From the lips of a nation unbowed and free:
"In the breadth of Thy mercy guard our men
On the trackless desert, on mountain and fen,
Clothe them in faith and keep them, Amen."

This, then, is our prayer on the day we give thanks:
Look kindly upon them, aloft and in the ranks.
Be Thou a pillar by day and a flame in the night,
Strengthen their arms, God; lead them aright.
The Lord is their Shepherd, their hope, and their light.

Campbell High School P.-T. A. Met Nov. 15th

At the second meeting of the Campbell High school P.-T. A. on Nov. 15 the members were given a most enjoyable lecture by Dr. O. S. Hubbard on "Audio-Visual Education." Dr. Hubbard illustrated his lecture with motion pictures, showing how lessons may be taught through sight and sound.

The committees featured were Radio and Motion Pictures. Mrs. L. Price was chairman of the day. Mrs. Clarence Fagalde, president, presided.

The theme of the inspirational reading by Mrs. Edith Kittrell was "Thankfulness." In her message Mrs. Kittrell said "We should be thankful that we are mothers, fathers, teachers, friends of this growing generation, and the greatest privilege and most sacred duty is to help a boy or girl grow in wisdom and stature."

Mrs. Martha Parr talked to the unit on the great need for blood donors. Anyone desiring to help in this great cause may call Mrs. Parr at the What Not shop.

The P. T. A. sponsored a party for the freshman class who won the membership contest. Mrs. J. W. Knowles announced the next meeting of the Sixth District P. T. A. would be held Dec. 4 in San Jose, at the Y.W.C.A. at 10 a. m. All members are urged to attend.

MAIL BEFORE DECEMBER 1

Last call for out-of-town Christmas mailing!

Yes, December 1 is the deadline if you intend to ship gift packages to other cities. And that means if you haven't done your shopping yet you haven't a day to waste.

The Office of Defense Transportation and the United States Postoffice Department urge your cooperation. They point out that under existing manpower shortages in both the Postoffice and the transportation lines, together with the enormous amount of war freight now being moved, packages mailed later than November 30 may not be delivered until after Christmas.

The success of the war effort is made up of innumerable little things here at home. To you, the mailing of your gifts before December 1 may seem to have slight, if any, bearing on victory. But your cooperation will help to keep the path clear for vital war cargoes moving to the ports for shipment overseas.

Then, too, you'll be helping yourself by doing some, if not all, of your shopping early. You'll enjoy a wider selection in the stores. And you will help the merchant who is also trying to serve you under manpower and supply shortages.

So make your out-of-town Christmas mailing before December 1 a "must", so that your packages "must" arrive before December 25.

★ ★ ★ ★ ROBOTS OVER NEW YORK

Will robot bombs, launched from submarines, land in New York, Philadelphia, Boston and other cities on the Eastern seaboard?

Such a thing seems fantastic. But it may not be.

Reports coming out of Sweden say that the Nazis are concentrating submarines and surface ships in Norwegian harbors equipped with launching platforms for robot bombs. It is planned, so the report declares, to use these vessels in robot attacks on the American Atlantic coast.

We have heard a lot of wild tales about things that might happen in this war. Many, if not most, of them have not materialized. Some have.

Experience has shown that we can't just laugh off these seemingly crazy predictions. Earlier in the year, Berlin began to yell about a secret weapon which it would use to win the war. Most of us thought it was hot air being used to pump up the sagging morale in the Reich.

Well, their secret weapon—the robot bomb—turned out to be real, all right, and even though it is not going to win the war or even accomplish anything appreciable in that direction, it is nevertheless a destructive weapon against the civilian population.

Our own military officials have warned that robot attacks against America is not beyond possibility. The Germans might undertake them, not as a means of turning the tide of war in their favor, but as the last fiendish measure to give vent to their hatred of this nation.

One thing is certain: if the Nazis do succeed in launching flying bombs against the United States, it will do more to awaken us to the real nature of the enemy we are fighting than anything else could. It will knock out of us the indifference which is still slowing the production of certain essential war materials, and destroy any lingering notion that Germany might be permitted to have a "soft" peace.

THANKSGIVING

Once again the Thanksgiving season is with us, and we pause to contemplate the good of the past year.

In some homes the giving of thanks may not seem easy. Loved ones are scattered over the globe facing the perils and hardships of war. Some have already made the supreme sacrifice.

At times we may feel discouraged, overwhelmed with the problems of living. Even in the United States war conditions are trying. From a distance we watch a world conflagration rage on, knowing that the staggering complexities of peace will follow it. Probably never in human history was the world so weighted with the baggage of fear, hate and uncertainty.

Yet, there is much to be grateful for. We have seen the Allied armies break the yoke of Nazi tyranny in France, Belgium and the Balkans. The liberation of the Philippines is under way.

America, herself, has been blessed. None of the battles have been fought on our land. Our cities and fields have not been scarred by enemy bombs. Our citizens have not been thrust into concentration camps, nor our churches closed, nor our schools given over to fascist teachings.

In spite of restrictions, we are well fed and clothed. In fact, the nation is experiencing a material prosperity never before approached. But our thanks are not primarily for material abundance. They are for spiritual wealth, expressed in the magnificent courage and unselfish devotion to the right displayed by hard-fighting, peace-loving peoples the world over.

Beyond even this, however, our hearts should reach out above persons and things in thanksgiving for Life itself. Out of the appreciation of the good we see today, springs the eternal hope of a better tomorrow.

LET'S TELL THE WORLD!

Let's stop being schoolboys ashamed to speak up for ourselves. Marshal Stalin has made it plain that he is for Russia, come hell or high water. Mr Churchill said that he did not become prime minister to preside at the liquidation of the British Empire. Let us say to the world in plain words that we are first of all for America and that we expect to use the ports and bases and sea lanes and airways established by the sacrifice of American lives and American savings, for the benefit and protection of America!

THEY FOUGHT A GOOD FIGHT

A leading farm organization states that: "On subsidies we fought a good fight and lost. At least for the time being. Subsidies are now firmly fixed upon our economic life as a national policy. Congress has twice refused to eliminate them. We as farmers can still oppose them as a national policy and work to change that policy."

Every farmer knows that his freedom is in potential peril as long as he must rely upon government handouts for a living.

THE VALUE OF A SMILE

It costs nothing, but is worth much. It enriches those who receive it without impoverishing those who give it.

It happens in a flash, and the memory of it sometimes lasts forever.

None are so rich that they can get along without it and none are so poor but are richer for its benefits. It creates happiness in the home, fosters good-will in business, and is the countersign of friends.

It is rest to the weary, daylight to the discouraged, sunshine to the sad, and Nature's best antidote for trouble, yet it cannot be bought, begged, borrowed, or stolen, for it is something that is of no earthly good to anybody until it is given away.

If I am too troubled or sad or discouraged to give you a smile, will you be kind enough to leave me one of yours, for nobody needs a smile so much as those who have none left to give.

Casadesus and New York Opera Coming to San Jose

The San Jose Concert Series has its third and fourth events the first week of December, with the incomparable Casadesus, pianist, on Friday evening, December 1, and the New York City Opera Company in "The Gypsy Baron", on Monday evening, December 4.

ROBERT CASADESUS
Pianist

Robert Casadesus has few rivals in the field of piano playing, and in the opinion of many, he is the greatest. The Chicago Daily News declares "Casadesus has no peers among the few great names", and Virgil Thomson of the New York Herald Tribune said, "I would walk a mile to hear him play practically anything at any time."

His program includes four pieces by Rameau, the Schumann Carnival, Chopin Ballade, Berceuse and Tarentelle, Three Etudes by Casadesus, Nocturne by Faure, and Bourree Fantasque, Chabrier.

The New York City Opera Company goes on tour for the first time, featuring Brenda Lewis and Richard Tyrol in Johann Strauss' romantic operetta, "The Gypsy Baron." A company of 70 includes chorus, orchestra and ballet.

Tickets are on sale at the Denny-Watrous box office, San Jose auditorium.

THE BOOK MARK

"RIDIN' THE RAINBOW"

By Rosemary Taylor

If you can recall the book "Chicken Every Sunday" by this author, you will remember that the story was about Mother and how she took care of her boarders and how full her life was keeping everyone happy and bringing money for the family. Well, Miss Taylor could not neglect her father, so within the binding of "Ridin' the Rainbow," she tells all about what her father was doing while mother cooked "Chicken Every Sunday."

"I'll never marry you again," said mother, after the second ceremony had been performed. The first ceremony, having taken place at sea, was not recognized as legal in California, so a second was solemnized. Mother and father began their married life in Arizona when that part of the country was a territory. Mother's native state was Virginia, while father was a native of the territory.

Father rode the rainbow all his life, sure that he would find the pot of gold. Sometimes he did and sometimes he didn't, but it all goes to making an uproarious sequel to the author's first book. Father had a mind full of ideas and promotions. He went out to build up the west and get on Easy Street at the same time. He had plans and schemes that ten men could have had, some implausible and foolhardy, but many panning out in new riches, ostrich farms and pine nuts, real estate and laundries, coffee and street cars.

In this book you will learn the novel way father had of getting a lady out of a basement—you will know what happened to a telegram sent to the Pope, and how a president was kidnapped, and what makes a mule run. Father could outwit a dowager, start a railroad in two days, and yet a city slicker could steal \$20 from him with a hard-luck story. Mother might have been the darling of all her boarders, but father was the person to come to when you had a spare dollar to invest.

Father will entertain you for an evening. It would be worth your time to invite him in.

Now we know the part we played in the Philippine invasion

The news of the successful invasion of the Philippines stirred the nation. For it was an amazing achievement—landing great numbers of troops and enormous quantities of supplies thousands of miles across the Pacific.

It was a thrilling triumph for our Army, Navy and Merchant Marine.

We railroaders got a special thrill from the news too, not only because we are Americans but also because we know now that months ago the Philippine invasion started on the railroads. And many a railroader who, in recent months, has worked double shifts to keep the war freight rolling to Pacific Ports, knows that he, too, had a part in putting those men ashore on Leyte Island.

This mighty blow at Japan placed an especially large burden on the Western railroads. Serving a less populated territory, the Western lines normally do not have the density of traffic of the eastern trunk lines, and their trackage was designed accordingly. Yet the western roads, in spite of a manpower shortage, have handled their enormous war burden efficiently and on schedule. Theirs has been a real achievement too.

Since Southern Pacific is the largest Western railroad and serves the major ports of embarkation on the West Coast, a very large portion of the troops and war material destined for the Philippines moved over our rails.

From now on, more and more of America's might will roll West over the railroads for the final showdown with Japan. Southern Pacific's 100,000 railroaders know well how important it is to keep these war trains rolling. But they need help. They need the help of thousands of men and women for this job.

There's a job waiting for you in the supply line that backs up our men in the Pacific. If you want a good job with a company whose biggest job still lies ahead, please visit one of our employment offices, or see your nearest S.P. Agent today.

Mobile X-ray units, mounted in trucks make it possible to provide health examinations for large numbers of industrial workers and school children. Christmas Seals finance many of these traveling clinics. X-ray finds the disease early—the sooner tuberculosis is discovered, the better the chances of recovery.

Boy Scouts Place Xmas Seal Posters

Troops of Boy Scouts this week began one of their annual community services by taking charge of the display of Christmas Seal posters for the Santa Clara County Tuberculosis Association.

This annual fund-raising campaign of the S.C.C.T.A. is the only source of funds for the support of its year-round program. Outstanding in this health program of tuberculosis prevention is the taking of chest X-rays in large groups, not only of school children, but of working adults where most tuberculosis is found. For this work, the association operates chest X-ray equipment mounted on a trailer which travels to all parts of Santa Clara County with a full-time technician in charge. Seal Sale funds also pay for two full-time public health nurses.

Christmas seals go on sale Monday, November 27.
